**Calculation of average wages =**

Wages-fund\*/ average conditional number of the employees

\* The following shall be included in the wages-fund:

- payment for time worked,
- overtime
- work at night,
- work on weekends and public holidays,
- annual leave (holiday allowance for the upcoming month included in the wages for that month along with which it was paid),
- additional paid leave,
- additional days off for those raising children,
- payment of additional days off under the additional benefits procedure,
- supplements during the reporting period.

**Average conditional number of the employees** – it is the number of the employees converted to those working full month full time.

**Paid variable component of remuneration (VCR)** = Annual VCR /12 + Quarterly VCR /3 + monthly VCR.
